General information

This catalog is published in compliance with K.S.A. 75-3317 through 75-3322, “The Kansas Use Law.” The Kansas Director of Purchases has found the items in this catalog to be consistent with “The Kansas Use Law” and has therefore designated them for mandatory purchase. The intent of “The Kansas Use Law” is to help provide employment for Kansans who are blind or severely disabled. Purchase of products and services from these exceptional Kansans helps them be a productive force contributing to the economy of our State.

Benefits of the Program

- Yields meaningful employment and training
- Compliments and encourages efforts to deinstitutionalize people who have disabilities
- Advocates self-sufficiency for those with disabilities
- Reduces cost of service care for people with disabilities
- Encourages community involvement and support of people who have disabilities
- Supports efforts for a good business approach to spending vocational rehabilitation dollars
- Increases tax base
- Decreases tax requirements
- Stimulates growth of Kansas local economy
- Ensures continuity in the supply of needed services and products to customers
- Provides opportunity for State agencies to contract for services at a lower cost than in-house services
- Promotes productivity in vocational rehabilitation centers

A summary about Kansas law about purchasing

Summary of K.S.A. 75-3321

The Director of Purchases and any person or officer authorized to purchase materials and supplies for any State agency or Unified School District operating in Kansas, or to purchase services for any agency within Kansas State government, shall purchase, from the catalog, “Products and Services Manufactured and Offered By Blind and Severely Disabled Kansans,” at any time when the listings in that catalog will meet the needs of the agency or school district.

Summary of K.S.A. 75-3322

Whenever the qualified vendors represented in this catalog are unable to supply the products or services needed, or are unable to meet delivery requirements on any purchase order or requisition, a written waiver request shall immediately be forwarded to the Director of Purchases by the state agency procurement officer or purchasing officer of the Unified School District. If approved by the Director of Purchases such waivers shall relieve and exempt the state or Unified School District from the purchasing requirements set forth in the relevant Kansas laws (K.S.A. 75-3317 and 75-3322). The waiver granted shall apply only to the case of the specific purchase order, request or requisition.

Request for State Use Program waiver

The Kansas State Use Program is governed by statutes (K.S.A. 75-3317 through 75-3322) which include some provisions for waivers. To find out more, please visit the following website.

Waiver Request Form: www.da.ks.gov/purch/StateUseWaiverRequestForm.doc

June 7th, 2023

The office of Procurement and Contracts / Director of Purchases, Todd Herman would like to formally recognize the value and efficiency provided by the state-use program. The combined efforts of our state use vendors and agencies have created an exemplary program. The State of Kansas, Political Subdivisions, and Local Government can easily procure high-value commodities, while supporting companies that help provide employment for Kansans who are blind or have other severe disabilities.

In addition to mandatory source products, many state-use vendors provide numerous non-mandatory products and services which may fit the need of State Agencies and Political Subdivisions. Using State-Use Vendors can expedite the procurement process as they do not require additional competition or approval from the Office of Procurement and Contracts.

As of July 1st, 2023, the following Agencies are the authorized State-Use Vendors (this list will be updated annually):

- BTCO
- CPRF
- Envision
- Goodwill
- Ketch
- TARC
- Cottonwood Industries

It is our hope that you will consider using the state-use vendors for products beyond the mandatory requirements.

Thank you.

Director of Purchases
Officer of Procurement and Contracts

LIVE LINK INSTRUCTIONS

Each of the vendors pages within this catalog are live linked back to their respective website. If you are connected to the internet while going through the catalog and desire more information about the company, contact information or ordering information, simply click the page as you would a link on any web page and you'll be directed to that specific vendor's site. (Some of the vendor pages have more than one link to multiple websites.)

As in past years, you may place orders by contacting the vendor directly, using their individual sites if they have online ordering capabilities, or you can refer back to the Kansas State Use website (www.ksstateuse.org).

If any additional information is needed about products or services, be sure to contact the vendor directly.

Kansas Use Law Sample Pricing Fiscal 2024

(July 1, 2023 through June 30, 2024)

Standard Size/Format Digital Scanning

- Pricing is for each side of a standard letter, legal or ledger size page or image
- Output is for black-and-white, PDF or TIFF, Group 4 format, 200dpi
- Grayscale, color and other formats are available and will be estimated based on requirements

Service	Rate	Price
Document Preparation	Hourly	\$38.08
Scan	Pages <50,000	\$0.08
	Pages 50,000 – 100,000	\$0.07
	Pages > 100,000	\$0.06
Index	Per field	\$0.05
	Per character	\$0.02
OCR: automated choice of searchable PDF, TXT, metadata	Per image	\$0.003
Redaction	Custom	Quoted
Labor	Hourly	\$38.08

Microfilm & Microfiche

Microfilm rolls/cartridges conversion to digital is priced similarly but is dependent upon document separation. Microfiche and/or aperture cards are quoted separately.

Oversized Scan and Print Services

Any unrolling/unfolding will incur a prep surcharge of \$38.08/hour in addition to the piece rate. Customers will only be charged 2/3 of hours clocked on the project for this prep fee. The remaining 1/3 is the time spent while actually scanning and thus not charged to the customer.

- Pricing is for each side of a page or image that is not standard size
- Output is for black-and-white, PDF or TIFF, 200dpi
- Grayscale, color and other formats are available and will be estimated based on requirements

ANSI Size	ARCH Size	Dimension Range		Price		
				Scan	Print	Copy
C	C/3	17x22	18x24	\$3.00	\$3.50	\$6.00
D	D/4	22x34	24x36	\$3.00	\$4.50	\$7.00
E	E/6	34x44	36x48	\$3.00	\$5.50	\$8.00
Custom	Custom	45 wide	-	\$3.00	Quoted	Quoted

Mailroom Services

Customized estimates based on specific customer requirements. Services include, but are not limited to:

- Receiving incoming physical mail, sorting, scanning, indexing, and electronic delivery per customer specifications
- Fulfillment of out bound mail functions based on specific customer requirements for delivery through US Postal Services and commercial carriers.

Service	Rate	Price
Site Supervisor	Hourly	\$59.02
Labor	Hourly	\$36.50

BTCO reviews samples of each project's actual documents to build an appropriate project scope and estimate. Complex, high-volume projects that require the processing of sample records may incur a demonstration fee – negotiated in advance with each customer. Each estimate is built to the customer's specifications and, as a result, may vary from the models above.

HELPING PEOPLE WITH DISABILITIES LIVE & WORK IN THE COMMUNITY

REAL JOBS

ABOUT KETCH

The Kansas Elks Training Center for the Handicapped Inc. (KETCH) is a not-for-profit organization that provides services to adults with disabilities. What began as a grassroots effort in 1962 by a group of parents of adult children with disabilities, is today a nationally recognized organization. Today, KETCH provides work, day, and community living services to more than 400 Kansans each year.

PRODUCT GUARANTEE

KETCH products are guaranteed. If there is a factory error, KETCH will issue proper credit or replacement after receipt and inspection of goods. Freight will be paid by KETCH if a factory error was made.

ORDERING—CONTACT KETCH CUSTOMER SERVICE

ABREEZE

air filters

KETCH offers high performance standard and custom size air filters at competitive prices. Our filters are made of **100% recycled materials** and have a **high dust-holding capacity** that effectively **reduces greater than 90% of airborne allergens** like pollen, mold spores, and dust mite debris. They also successfully **reduce energy consumption and operation costs** per square foot, and positively affect indoor air quality.

Abreeze Air Filters are available in polyester and MERV 8 pleated media that complies with ASHRAE Standard 52.1. The material used to manufacture the die-cut filter trays for standard sizes is pearl-coated beverage board and our custom size filter trays are hand assembled from pearl-coated chip board that is supported with beverage board. All filters are made ½-inch undersized in both width and length unless exact sizing is specified to allow for a better fit within HVAC systems. All custom size filters will be made with exact measurements unless directed in writing to make them nominal.
